INDEX

Volume 2 Numbers 1–6 October, 1973–November, 1974

ACID-ETCHING technique, modification of, for restoring fractured incisors, 35
ADAMS, D., CARNEY, J. S., and DICKS, D. A.: Pregnancy gingivitis: a survey of 100 antenatal patients, 106
Aerosols produced in dentistry, respirability of, 21
Age, patient, discontinuation of orthodontic treatment relative to, 138
Anaesthetic cartridges, local, aspiration using, with elastic recoil diaphragm, 72
Angle(s) Class II, division 1 and Angle Class I occlusions, comparisons of craniofacial features of English children with, 250
— craniofacial profile, in caucasians and negroes, 160
Approximal caries lesions, comparison of radiographic and fibre-optic diagnoses of, 143
Aspirating system, new, efficiency of, 18
Aspiration using local anaesthetic cartridges with elastic recoil diaphragm, 72
Audiodontics– case report, 190

BARRETT, B. E.: *see* CORKERY, P. F., jt. auth.
BENNETT, D. L.: *see* MURRAY, J. J., jt. auth.
Book Reviews (*see* **Reviews**)

CANALS, root, some comments on microbiological examination of, 2
Caries, dental, topical fluorides and: review, 11
— lesions, approximal, comparison of radiographic and fibre-optic diagnoses of, 143
— prevalence in first permanent molars of rural Zambian schoolchildren, study of, 185
CARNEY, J. S.: *see* ADAMS, D., jt. auth.
CASSON, M. H.: *see* WILLIAMS, B., jt. auth.
Caucasians and negroes, craniofacial profile angles in, 160
Cement, silicate, clinical implications of optical properties of, 77
CLARK, R. K. F., and WYKE, B. D.: Contributions of temporomandibular articular mechanoreceptors to the control of mandibular posture: an experimental study, 121
Class III skeletal base, prosthetic management of patient with, 41
Cleft-palate infants, postalveolar, clinical management of, 239
Cleft palate, precision attachment for prosthetic treatment of, 247
COHEN, A. M., and VIG, P. S.: Lateral tongue spreading, 32
COMBE, E. C.: Trends in research in dental materials science, 193
Comment, 1, 91
CORKERY, P. F., and BARRETT, B. E.: Aspiration using local anaesthetic cartridges with an elastic recoil diaphragm, 72
CRABB, J. J., and WILSON, H. J.: Method of measuring root areas of extracted teeth, 171
Craniofacial features of English children with Angle Class II, division 1 and Angle Class I occlusions, comparisons of, 250
— profile angles in caucasians and negroes, 160
Crown, own natural, provisional restoration of broken anterior tooth, with, 217
CURZON, M. E. J., and MANNING, P. J.: Ketamine in out-post dentistry, 219

DENS invaginatus, 234
Dental caries, topical fluorides and: review, 11
— casting investments, permeability of, 227
— erosion and diet, 153
— materials science, trends in research in, 193
Dentistry, out-post, ketamine in, 219
— respirability of aerosols produced in, 21
Denture framework, partial, design of, 177
— lower disjunct partial, two modifications of, 211
Diazepam in treatment of temporomandibular joint dysfunction syndrome—double blind study, 37
DICKS, D. A.: *see* ADAMS, D., jt. auth.
Diet, dental erosion and, 153
Disjunct partial denture, lower, two modifications of, 211
Dysplasia, frontonasal, and its orodental aspects, 69

ECCLES, J. D., and JENKINS, W. G.: Dental erosion and diet, 153
— — *see* TIMBRELL, V., jt. auth.

ELEY, B. M.: Periodontosis occurring with supernumerary molars, 167
— — and TREACHER, F. G.: Precision attachment for prosthetic treatment of cleft palate, 247
Erosion, dental, and diet, 153
— fruit juice—increasing danger? 85
Erythema migrans, unusual presentation of, 207
Extracted teeth, method of measuring root areas of, 171

FIBRE-OPTIC diagnoses, radiographic and, of approximal caries lesions, comparison of, 143
Filling, retrograde root, two instruments for, 263
FISH, J.: The clinical management of postalveolar cleft-palate infants, 239
Fissue sealant, new ultra-violet light polymerized, clinical study using, 101
Fluoride(s) tablets—potential household hazard? 183
— topical, and dental caries: review, 11
FORD, T. R. PITT: Submerged deciduous molars, 255
Fractured incisors, modification of acid-etching technique for restoring, 35
Frontonasal dysplasia and its orodental aspects, 69
Fruit juice erosion—increasing danger? 85

GINGIVITIS, pregnancy: survey of 100 antenatal patients, 106

HAYNES, S.: Discontinuation of orthodontic treatment relative to patient age, 138
HUDDY, E. C. H.: The ectopic mandibular second molar, 55
HUGGINS, D. G.: *see* LOVIUS, B. B. J., jt. auth.

INCISOR(S), fractured, modification of acid-etching technique for restoring, 35
— fused supernumerary central, 63
Investments, dental casting, permeability of, 227
ISMAIL, I. I., and LYON, F. F.: An evaluation of Progold, 7

JAGGER, R. G.: Diazepam in the treatment of temporomandibular joint dysfunction syndrome —a double blind study, 37
JEFFREY, I. W. M.: *see* STOREY, B. E., jt. auth.
JENKINS, W. G.: *see* ECCLES, J. D., jt. auth.
Joint dysfunction syndrome, temporomandibular, diazepam in treatment of—double blind study, 37.

KETAMINE in out-post dentistry, 219

LATERAL tongue spreading, 32
LAVELLE, C. L. B.: Craniofacial profile angles in caucasians and negroes, 160
Letter to the Editor, 75
LEVINE, R. S.: Fruit juice erosion—an increasing danger? 85
Local anaesthetic cartridges, aspiration using, with elastic recoil diaphragm, 72

MACGREGOR, A. R., and MILLER, T. P. G.: Two modifications of the lower disjunct partial denture, 211
Mandibular posture, contributions of temporomandibular articular mechanoreceptors to control of: experimental study, 121
— — neuromuscular mechanisms influencing: neurologist's review of current concepts, 111
— premolar, fused supernumerary, 209
— second molar, ectopic, 55
MANI, N. J.: Odontoma syndrome: report of unusual case with multiple multiform odontomas of both jaws, 149
MANNING, P. J.: *see* CURZON, M. E. J., jt. auth.
Materials science, dental, trends in research in, 193
Mechanoreceptors, temporomandibular articular, contributions of, to control of mandibular posture: experimental study, 121
MENEZES, D. M.: Comparisons of craniofacial features of English children with Angle Class II, division 1 and Angle Class I occlusions, 250
Microbiological examination of root canals, some comments on, 2
MILLER, T. P. G.: *see* MACGREGOR, A. R., jt. auth.
Models for teaching minor oral surgery, 59
Molar(s), ectopic mandibular second, 55
— first permanent, of rural Zambian schoolchildren, study of caries prevalence in, 185
— submerged deciduous, 255
— submerging lower first permanent, 260
— supernumerary, periodontosis occurring with, 167

Mucosa, oral, low temperature surgery of: review of biological factors and clinical applications, 92
MURRAY, J. J., and BENNETT, D. L.: Topical fluorides and dental caries: a review, 11

NAIRN, R. I.: The design of the partial denture framework, 177
Negroes, caucasians and, craniofacial profile angles in, 160
Neuromuscular mechanisms influencing mandibular posture: neurologist's review of current concepts, 111
Neurophysiology of dental interest, some aspects of, 49, 131
NEWMAN, A.: *see* WHITEHEAD, F. I. H., jt. auth.

OCCLUSIONS, Angle Class II, division 1 and Angle Class I, comparisons of craniofacial features of English children with, 250
Odontoma syndrome: report of unusual case with multiple multiform odontomas of both jaws, 149
Optical properties of silicate cement, clinical implications of, 77
Oral mucosa, low temperature surgery of: review of biological factors and clinical applications, 92
— surgery, minor, models for teaching, 59
Orthodontic(s) treatment, discontinuation of, relative to patient age, 138
— and wind instrumentalist, 65

PARTIAL denture framework, design of, 177
— — lower disjunct, two modifications of, 211
Periodontosis occurring with supernumerary molars, 167
Permeability of dental casting investments, 227
POT, TJ: *see* PURDELL-LEWIS, D. J., jt. auth.
Precision attachment for prosthetic treatment of cleft palate, 247
Pregnancy gingivitis: survey of 100 antenatal patients, 106
Premolar, fused supernumerary mandibular, 209
Profile angles, craniofacial, in caucasians and negroes, 160
Progold, evaluation of, 7
Prosthetic management of patient with class III skeletal base, 41
— treatment of cleft palate, precision attachment for, 247
Provisional restoration of broken anterior tooth, with its own natural crown, 217
PURDELL-LEWIS, D. J., and POT, TJ: A comparison of radiographic and fibre-optic diagnoses of approximal caries lesions, 143

RADIOGRAPHIC and fibre-optic diagnoses of approximal caries lesions, comparison of, 143
Resorption, deep external root: treatment by combined endodontic and surgical approach, 203
Respirability of aerosols produced in dentistry, 21
Restoration, provisional, of broken anterior tooth, with its own natural crown, 217
Retrograde root filling, two instruments for, 263
